

EVERY DREAM HAS A PRICE, INC.

Every Dream Has A Price, Inc. (EDHAP) began with a small group of dedicated individuals making a big difference. Perhaps the most notable accomplishment thus far was the building of two homes in one day in Fellsmere on Nov. 10th, 2007. The groups founding members are comprised of five individuals with diverse backgrounds who converged for the single purpose of helping to build and/or rebuild homes for people in need. Board members Michael Lally, Joseph Telese, and Dennis Witherow have worked on building projects for over 23 years together and have the technical expertise to ensure each projects success. Joseph Telese and Dennis Witherow are the respective Vice President and President of Regatta Construction, LLC. Detective Teddy Floyd of the Indian River County's Sheriff Department and Florida Department of Health's Julianne Price are the other two board members who have a combined experience working in communities for over twenty years with the common goal of improving the quality of life in the most indigent and impoverished communities. Working together with hundreds of volunteers, EDHAP is resolved in their mission to make a difference in the lives of needy people by restoring, rebuilding, or building homes for them. In our occupations, we see people not able to literally keep a roof over their head, and it is our objective to provide deserving people with a basic need: a safe home.
